

# Dryden Soccer Club

## Deposit Detail

In an attempt to keep better records for each team, this form is to be completely filled out with any money or deposit slips given to the treasurer. Use a separate form for each deposit for each team - if you have money for more than one team, you need to fill out a form for each team. The total of your forms has to equal your deposit slips, and/or money.

It is each coach's and/or manager's responsibility to keep a complete accounting of what is spent and what is collected. Thank you.
